The Promotions, Design and Economic Restructuring Committees are groups of very active volunteers committed to improving downtown and making it a viable part of the community. Our mission may be broad but it is determined. Below a description of each of our committees:

Promotions Committee - Does Center Street Jam, Jazz on George, Downtown Lights Up or Boo It Downtown sound familiar to you? These events, as well as many others are available to the public due to the efforts of this Committee. This Committee also aids the staff in efforts to publicize activities and events, volunteer man hours and creates new ideas to make downtown interesting and fun.

Economic Restructuring Committee - The ER Committee works to facilitate new investments in downtown and invoke financial support through community donations to our non-profit organization. This Committee also works on activities and projects that will refine our organization as we step into the community to demonstrate and illustrate the benefits of downtown.

Design Committee - The Design Committee strives to enhance the appearance of Downtown Goldsboro. This Committee reviews and recommends designs, placement, materials and other decisions related to aesthetics for streetscape improvements. They also review Façade Grant Applications to make recommendations to the Board of Directors. They meet with property owners to encourage good rehabilitation and restoration practices. This Committee is continually creating new projects to improve the visual appearance and well-being of downtown.
