

Downtown has Apartment Options!

Downtown Goldsboro has a variety of options to suit your residential needs.

One of the primary reasons many people choose to live downtown is for the atmosphere a historic downtown has to offer. Our Downtown apartments are no different and provide beautiful, unique historic architecture and a great location for entertainment and relaxation. We have a diverse selection of retail businesses as well as dining options, to include Italian, Thai, Asian, Mexican, American and Irish fare, all within walking distance! And, with the reconstructed Paramount Theatre, an array of arts entertainment is within walking distance too. We will also be breaking ground this year on a state-of-the-art recreation center with completion anticipated the end of 2009. Downtown is home to over 30 fun, free annual events and activities, making it the place to see and be seen! When searching for your next space to call home, our downtown apartments run the spectrum in size, amenities and rental rates. Below is contact information for individually owned apartment units that you can reach for availability and more information.
